

HOUND® CANNABIS BREATHALYZER

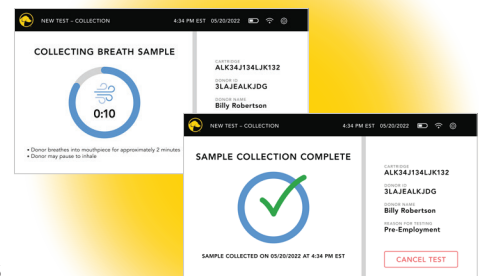

COLLECT + SEND

The **HOUND® CANNABIS BREATHALYZER – Collect + Send** is the first and only breath test designed for the era of cannabis legalization – limiting detection to the workday. This novel technology targets only THC molecules and automates on-site collection for lab-based analysis of results.

- First and only ultra-sensitive cannabis breathalyzer
- Shortest detection window
- Automates breath collection

WHY CHOOSE THE HOUND® CANNABIS BREATHALYZER?

- + On-site collection with lab-based processing of results
- + Standardized and automated to optimize validity
- + Single-use, tamper-evident cartridges yield no mess collection
- + Smart base station with lab integration facilitates paperless management
- + Integration with the HOUND LABS RETRIEVER™ database provides real-time tracking of collected samples and test results

WHY TEST BREATH FOR CANNABIS?

- + Renders shortest cannabis detection window – within a few hours of the test
- + Traditional methods detect use for days, weeks, or months after use
- + Supports policies that deter cannabis use during the workday
- + Protects employee privacy, encourages equity, promotes safety
- + Reduces risk and improves employee recruitment and retention
- + Aligns with emerging cannabis laws such as California A.B. 2188 which limit the use of traditional cannabis tests that extend beyond the workday

ABOUT HOUND LABS

Hound Labs, Inc. is committed to developing ultra-sensitive, automated, and analytical breath technologies that will pave the way to practical and fair solutions for leading public health and safety issues.

The HOUND® CANNABIS BREATHALYZER is intended to detect recent cannabis use. It does not measure whether, or how much, a person is impaired. It is intended solely for use in employment, law enforcement, and insurance settings. It should not be used for any medical or therapeutic purposes, or for any Federal drug testing programs, such as programs run by the Substance Abuse and Mental Health Services Administration (SAMHSA), the Department of Transportation (DOT), and the U.S. military.

SAFETY + FAIRNESS™
